

cv - barrie doggett

**BARRIE DOGGETT** BA(Hons) DipArch ARB

Barrie is a founding Director of Suzie Bridges Architects. His experience across many sectors, running both large and small projects, is extensive. He was an Associate at Broadway Malyan for 8 years delivering a range of bespoke proposals including Roundshaw Community Centre, BP Sunbury, White Lodge Respite Centre, and a number of competition schemes. From 2008 to 2011 he was design architect for FCP Architects. Here helped develop a concept for a new kind of virtual work environment - "Collaborative Workplace" - that would allow remote off-shore engineers to collaborate with their on-shore staff as if working within the same room.

Barrie is an innovative designer who knows how to deliver. He is committed to technical and design excellence and is actively interested in low energy design and the use of construction materials to achieve passive energy solutions. He brings a proactive approach to design and construction - collaborating with the whole team to solve problems with design excellence in mind. He takes lead responsibility for the practice's health and safety, financial and legal affairs.

#### SELECTED CURRENT PROJECTS

##### **Wigmore Hall Phase 2. £1.8 mill**

Focussing on developing design solutions for reducing energy use throughout the building, and discreetly integrating new technologies into the existing fabric. Barrie will act as contract administrator for the works on site. Completion due 2015.

##### **Salcombe waterfront development, Devon. £500,000**

Design proposals for low energy passive property on the waterfront in the heart of the historic town centre. Currently developing designs for planning approval.

##### **IOR Design and Build, Various**

Architectural design and detailing work for design and build company IOR, including fit out work for Gazprom London, Samvo London and Daiwa Bank.

##### **Foxhills Golf and Country Club, Surrey**

Ongoing refurbishment works for the health, fitness and golf club in Surrey, including recovering of the roof over the restaurant.

##### **Rudgwick, East Sussex**

Extension and redevelopment of a grade 2 listed residence in a conservation area to create a contemporary new living space in the garden.

#### PREVIOUS RELEVANT EXPERIENCE

##### **2008 - 2011: FCP Architects**

Lead Design Architect  
Design proposals for innovative "collaborative work environments" for remote operations in the oil and gas industry.

##### **Competitions:**

BP Pangbourne Technology Centre and Masterplan  
BP Final Phases Buildings E and J - Winner  
Peterborough Innovation Centre Competition Stage 2 - Runner Up  
Office park and training centre, Perth, Western Australia - Winner

##### **Recognitions/Awards**

RIBA Community Award 1992 Patmore Children's Centre

##### **2001 - 2009: Broadway Malyan**

Associate and Project Architect  
Led teams on projects ranging from small community buildings to fully sustainable commercial offices. Member of BM sustainability team.

##### **BP Sunbury, Final Phases Buildings E**

Project Associate for new administration offices for BP, aiming to provide innovative low carbon passive environment. Barrie led the design of the competition winning scheme through to tender stage.

##### **Singlewell Infrastructure Maintenance Depot for Union Railways (North), Kent**

Project Architect from Stages B to L for a new train maintenance depot and administration offices, for the channel tunnel rail link. Completion 2007. Delivered under Design and Build, Barrie continued to lead the team post-novation through to completion.

##### **Phoenix Community Centre, Surrey**

Project Architect from Stages B to L for new build user-focussed facilities including sports hall, youth club, fitness suite, dance studio, community rooms, recording studios, library and community police office. Completion 2004.

##### **White Lodge Respite Centre, Chertsey**

Project architect for the design of the new the adult centre and separate children's centre. Completion 2003.

##### **Oatlands Park Hotel, Weybridge**
